Ripon High School Girls' Basketball Team Top Academic All-State

RIPON, Wis. — The Ripon High School is pleased to announce that the Ripon High School Girls' Basketball team is recognized as a 2024 Academic All-State Team by the Wisconsin Basketball Coaches Association (WBCA). With a cumulative grade point average of 3.986, the team is not only at the top of their division but has achieved the highest average in the entire state.

The WBCA recognizes teams who have achieved great success in the classroom and who were nominated by member coaches. Ripon High School Assistant Principal and Athletic Director Vincent Propson comments, "I am so proud of the RHS Girls Basketball team's accomplishment in earning the academic all-state award, especially earning the award as the top team in the state. This achievement truly reflects the dedication and hard work not only of the student-athletes but also of their parents, Ripon's teaching staff, Ripon's coaching staff, and all of the support personnel. It's a testament to Ripon High School's commitment to excellence both on and off the court.

This award highlights the importance Ripon High School places on academic success and the holistic development of student-athletes. By prioritizing their education alongside their athletic pursuits, students are empowered to excel in all aspects of their lives. This recognition serves as motivation for the entire Ripon Community to continue fostering an environment where academic achievement is celebrated alongside athletic prowess.

I want to extend my heartfelt congratulations to our student-athletes for their outstanding performance in the classroom and on the court. Their hard work, discipline, and determination have truly paid off, and I know they will continue to represent Ripon High School with pride and excellence in all their endeavors.”.

Any comments or questions, please contact Vince Propson at (920) 748-4616.
