

Student Insurance

Parents are hereby informed that the Ripon Area School District will continue its policy of not providing any type of health or accident insurance for injuries incurred by students at school for the 2010-11 school year. It is the responsibility of parents to provide adequate insurance coverage for their children's school sponsored activities – including athletics. Parents who are interested in purchasing a low-cost student accident insurance plan for their children may apply for the student insurance program offered by Student Assurance Services, Inc., Stillwater, Minnesota, 55082. Details of the plan and application forms will be distributed and made available for student parent consideration.
