5:20 pm Lead Teacher's report.

A) Review of the 2018-19 School Year

The report is ready to be submitted to the School Board.

Items that were mentioned:

Projects were shifted to more of a student led focus. This gave the students more choice in what they learned. It went over well with both teachers and students.

Focus next year on more community/global connections (need to add more next year and keep building on this)

i-Ready: 8th grade scores were low but most students were taking foreign language instead of a reading class. This will change for next school year.

Kyle will check with Sandy to see who should send the report to the school board.
