I. INTRODUCTION

A. WELCOME

We are pleased to have you as a member of the staff of the Ripon Area School District (RASD). The skills and commitment each employee brings to his/her job makes an important contribution to our goal of providing excellence in education to the students and families of the RASD. It is the District's responsibility to provide for the public education of students from 4-year-old preschool (4PS) through twelfth grade. We offer a variety of schools, sites, programs, and activities that embody our commitment of giving more choices in order to achieve better results. The school system is governed by a nine-member Board of Education elected at-large for 3-year terms by the residents of the District. The Superintendent is responsible for overall administration of the schools and implementation of Board policies. An RASD employee can expect a fair and equitable salary, competitive benefits, and the opportunity to be a part of the best that public education has to offer. We are pleased to have you as a member of our team and hope that you find that the satisfaction gained from doing your job matches the effort you put into your work.

The Ripon Area School District realizes the importance all staff members play in the ongoing process of providing a quality education to all students. Professional and support staff members alike must pull together as a team to help keep our educational system as strong as possible, our facilities as clean, safe, functional, and attractive as possible, and to best meet the needs of the children and the community we serve. Your support staff status simply means you provide a work service in a position which does not require your possession of a State-approved license or certificate (with the exception of special educational assistants who are required to be licensed). Highly-qualified instructional assistants are required to have an associate's degree or higher but not a license.

It is each employee's responsibility to read and become familiar with this information and to comply with the policies adopted by the Board and the administrative guidelines available electronically on the District website, as well as the rules and regulations contained herein. Any section in the handbook that is governed by a Board policy will provide the policy number in parentheses for easy access.

This Support Staff Handbook has been written to provide information and guidance to staff members. Given the reality of a complex, ever-evolving organization, the information in this handbook is not all-inclusive. We recognize that employees are bound to have many questions relating to their specific position or responsibilities. You are encouraged to direct any specific inquiries you may have to your immediate supervisor.

B. DISCLAIMER

This Support Staff Handbook has been prepared for informational purposes only. None of the statements, policies and administrative guidelines, rules, or regulations contained herein constitutes a guarantee of employment, a guarantee of any other right or benefit, or a contract of employment, express or implied. All of the district's employees are employed at will and employment is not for any definite period, unless otherwise provided by individual contract.

Violations of the terms of the Support Staff Handbook, policies, regulations, or guidelines may result in disciplinary action in accordance with Policy 4139, up to and including termination of employment.

The provisions set forth in this Handbook may be altered, modified, changed, or eliminated at any time by the District. This Support Staff Handbook supersedes any and all previous handbooks, statements, policies and administrative guidelines, rules, or regulations given to employees, whether verbal or written.

This Handbook is not all-inclusive of the information for which support employees are responsible for knowing and following. Additional publications that support employees should follow include, but are not limited to, Board policies and guidelines, the Support Staff Performance Evaluation document, building bulletins and handbooks, federal and state safety guidelines, and the Support Staff Wage and Benefit guide.

II. EMPLOYMENT POLICIES

A. ANTI-HARASSMENT POLICY

The Ripon Area School District is committed to maintaining and ensuring a working environment that is free of harassment or intimidation. The District will not tolerate any form of harassment, including sexual harassment, and will take all necessary and appropriate action to eliminate it.

"Harassment" means any threatening, insulting, or dehumanizing gesture, use of data or computer software, or written, verbal or physical conduct directed against a school employee that:

- A. places a school employee in reasonable fear of harm to his/her person or damage to his/her property;
- B. is sufficiently severe, pervasive, and persistent so as to create a hostile working environment which materially alters the employee's working conditions from the perspective of a reasonable person similarly situated;

8. remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history;
9. consensual sexual relationships where such relationship leads to favoritism of a subordinate employee with whom the superior is sexually involved and where such favoritism adversely affects other employees or otherwise creates a hostile work environment; and
10. verbal, nonverbal or physical aggression, intimidation, or hostility based on sex or sex-stereotyping that does not involve conduct of a sexual nature.

- A. Prohibited religious harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's religion or creed and when the conduct has the purpose or effect of interfering with the individual's work performance; or of creating an intimidating, hostile, or offensive working environment.
- B. Prohibited national origin harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's national origin and when the conduct has the purpose or effect of interfering with the individual's work performance; or of creating an intimidating, hostile, or offensive working environment.
- C. Prohibited age based harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's age, being over age forty (40), and when the conduct has the purpose or effect of interfering with the individual's work performance; or of creating an intimidating, hostile, or offensive working environment.
- D. Prohibited race/color based harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's race and/or color and when the conduct has the purpose or effect of interfering with the individual's work performance; or of creating an intimidating, hostile, or offensive working environment.
- E. Prohibited disability harassment occurs when unwelcomed physical, verbal, or nonverbal conduct is based upon an individual's disability, perceived disability, or record of disability, and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; or of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity.

Any individual who believes he/she has been subjected to harassment by any other person should report that incident to a building principal or to the Superintendent. If an employee is not comfortable making a complaint to their building principal or the Superintendent, the complaint may be made to the District Compliance Coordinators. It is the intent of the District to establish an atmosphere where complaints are timely investigated and the harassment is appropriately addressed. The Board designates the following individuals to serve as the District's Compliance Officers:

Jonah Adams, Business Manager	Becky Morrin, Special Education Director
1120 Metomen Street	850 Tiger Drive
Ripon, WI 54971	Ripon, WI 54971
920-748-4600	920-748-4600
adamsj@ripon.k12.wi.us	morrinb@ripon.k12.wi.us

The District forbids retaliation against anyone who has reported harassment or cooperates in a harassment investigation.

Policy 4362, Policy 4362.01, AG 4362, and AG 4362

B. COMMUNICATIONS AND SUGGESTIONS

The District values the comments and suggestions of its employees concerning work methods and operations. Employees should follow the chain of command when offering a suggestion, comment, or concerns and thus are expected to relay suggestions or comments about their employment conditions to their immediate supervisor. As a general rule, the immediate supervisor is the person who annually evaluates in writing that employee's work service as listed in the organization chart. If a concern taken to your supervisor cannot be resolved to your satisfaction, you should only then feel authorized to discuss the item with the supervisor at the next highest level. You can expect to be redirected to follow this "chain of command" in seeking redress of a situation that affects your own personal employment situation. You may rest assured that your rights to hold and/or express opinions on school matters not directly related to your own employment conditions will be unaffected by this "chain of command" guideline.

Policy 4112 and 4112.01

C. CONFLICT OF INTEREST AND ETHICAL STANDARDS

Support Staff are expected to maintain high standards of honesty, integrity, impartiality, and professional conduct. Further, support staff members are expected to perform their duties in a manner free from conflict of interest pursuant to §19.59 and § 946.13 Wisconsin Stats.

Policy 1130, Policy 4210

D. DRUG-FREE WORKPLACE

The District seeks to provide a safe, drug and tobacco-free workplace for all of its employees. The manufacture, distribution, dispensation, possession, or use of tobacco, alcohol, inhalants, controlled substances, substances represented to be such (i.e. fake or look-alike substances), or unauthorized prescription medication, is prohibited on school premises, in school vehicles, or at school activities. In addition, the District will not condone the involvement of any employee with illicit drugs, even where the employee is not on District premises. Employees of the school system shall not possess, use, be under the influence of, or distribute any illegal drug, unauthorized prescription medication or alcoholic beverage as defined in Wisconsin Statutes while on school premises, during working hours or while responsible for chaperoning students on school-sponsored trips. Any employee who possesses, uses, or distributes any illegal drug, unauthorized prescription medication or alcoholic beverage on school premises, during working hours or while responsible for chaperoning students on a school-sponsored trip may be disciplined, up to and including discharge. All school employees shall cooperate with law enforcement agencies in investigations concerning any violation of this provision.

As a further condition of employment, an employee who is engaged in the performance of a federal grant shall notify the Superintendent of any criminal drug statute conviction for a violation occurring in the workplace no later than three days after such conviction. Within ten days of receiving such notice – from the employee or any other source – the District shall notify the federal granting agency of the conviction. 41

U.S.C. 702(a)(1)(D). After receiving notice from an employee of a conviction for any drug statute violation occurring in the workplace, the District shall either (1) take appropriate personnel action against the employee, up to and including termination of employment, or (2) require the employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a federal, state, or local health agency, law enforcement agency, or other appropriate agency. 41 U.S.C. 703 [This notice complies with notice requirements imposed by the federal Drug-Free Workplace Act (41 U.S.C. 702)].

Policy 4122.01, Policy 4215, AG 4122.01

Policy 4111

Policy 8320, AG 8320

I. POLITICAL ACTIVITIES OF STAFF

Because political activities may be disruptive, divisive, and distracting to a positive learning environment, such activities are not appropriate within the school setting. The Board prohibits political activities on all District owned and used property, within all school buildings, in school buses and vehicles, and at all school sponsored activities unless part of a Board approved teaching unit.

Policy 4231, AG 4231A

III. EMPLOYMENT CONDITIONS

A. EMPLOYEE EXPECTATIONS

1. Attendance

The District expects employees to make every effort to be present for work. Employees are expected to adhere to their assigned schedule. In order for the District to operate effectively, employees are expected to perform all assigned duties and work all scheduled hours during each designated workday, unless the employee has received approved leave. Breaks and meal periods may only be taken during times designated by the support staff's building principal and as further specified in other parts of this Support Staff Handbook. Any deviation from assigned hours must have prior approval from the support staff's immediate supervisor.

Employees who are unable to report to work shall follow the procedures for reporting his/her absence and obtaining a substitute. Any time spent not working during an employee's scheduled day must be accounted for in the substitute assignment system. The District monitors attendance and absence patterns. Theft of time and/or improper modification of time worked records will be investigated and will result in disciplinary action up to and including termination. Failure to notify the District of an absence and failure to report to work on such day could result in disciplinary action up to and including termination. Failure to return to work the day following the expiration of an authorized leave of absence may result in termination of employment.

2. Background Checks for Employment

Anyone applying for a position in the District is required to file in writing, in advance of employment on forms provided by the District, a statement identifying whether the applicant:

- a. Has been convicted of a misdemeanor or felony in this state or any other state or country; and
- b. Has been dismissed or non-renewed, or has resigned from employment in-lieu-of a potential dismissal or non-renewal, for any of the following causes: failure to meet a district's performance expectations, incompetence, inefficiency, neglect of duty, potentially illegal conduct, unprofessional conduct, or insubordination.

Knowingly falsifying or omitting information shall be sufficient grounds for termination of employment.

Additionally, anyone applying for any position shall be required to agree to the release of all records to the Board for examination for the purpose of verifying the accuracy of background and criminal violation information. Employment will be offered pending the return and disposition of such background checks. All offers of employment are contingent upon the results of such checks.

The District will conduct criminal history and background checks on its employees upon commencement of employment and every three years thereafter. An arrest, indictment, conviction, no contest or guilty plea, or other adjudication shall not be an automatic basis for termination. The District shall consider the following factors in determining what action, if any, should be taken against an employee who is convicted of a crime during employment with the District:

- a. the nature of the offense;
- b. the date of the offense;
- c. the relationship between the offense and the position to which the employee is assigned.

Nothing herein shall prohibit the District from placing an employee on administrative leave based upon an arrest, indictment, or conviction.

3. Child Abuse Reporting Requirement

Wisconsin Statutes 48.981 requires all school district employees to report cases of suspected child abuse or neglect. Each support staff employed by the District who has reasonable cause to suspect child abuse or neglect shall be responsible for reporting immediately every case, whether ascertained or suspected, of abuse or neglect resulting in physical or mental injury to a student by other than accidental means. The support staff shall immediately notify the appropriate administrator according to the District's Reporting Procedure for Student Abuse or Neglect and be responsible for contacting School Resource Officer who will then provide additional steps depending on the situational details and the child's residence address.

A reporting staff member shall not be dismissed or otherwise penalized for making a report of child abuse or neglect. Failure to report cases of suspected child abuse or neglect shall result in discipline, up to and including discharge. For more information see Policy 8462 and AG 8462.

4. Confidentiality

Wisconsin Statutes 118.125 and 118.26 outline the confidentiality of all student records including behavioral, health, and academic records. The District interprets these statutes to mean that unless an individual has a "right to know," the academic, health, and behavioral records of students are not to be shared. This can be carried forward to both the written record and verbal conveyance of student health, academic, and behavior progress (or lack thereof). Open discussion of student progress, behavior, or health issues with individuals that do not have a "right to know" could be contrary to Wisconsin Statutes and could compromise professional accountability. These statutes are not intended to restrict staff from asking for assistance or ideas on how to handle a particular situation.

Failure to maintain the confidentiality of student records shall result in discipline, up to and include discharge. For more information see Policy 8330, AG 8330, and Policy 8350.

5. Copyright

A variety of machines and equipment for reproducing materials to assist employees in carrying out their

educational assignments are available to support staff in both the school and home setting. Infringement on copyrighted material, whether prose, poetry, graphic images, music audiotapes, video, or computer-programmed materials, is a serious offense against federal law, a violation of Board policy, and contrary to ethical standards for District employees. All reproduction of copyrighted material shall be conducted strictly in accordance with applicable provisions of law. Unless otherwise allowed as “fair use” under federal law, permission must be acquired from the copyright owner prior to reproduction of material in any form. Employees are further advised that copyright provisions apply to all forms of digital media. For more information see Policy 2531 and AG 2531.

6. Crisis Management Plans

The District has standardized lockdown procedures for use when the situation requires emergency safety measures. Each support staff should know exactly what the lockdown procedures are and where the lockdown procedures “flipchart” is located for their classroom or work location. Employees must follow the prescribed procedures during any emergency drill or situation.

7. District Property

As public employees we are each responsible for wise and responsible use of both the funds made available to us by the citizenry and the equipment and materials purchased with those funds. This expectation for wise and responsible use forms the public employee burden often referred to as the “public trust.” The District may supply an employee with equipment or supplies to assist the support staff in performing his/her job duties. All employees are expected to show reasonable care for any equipment issued and to take precautions for theft.

Employees may not utilize District property for personal use or gain. Limited use of telecommunications equipment, computer equipment, software, and minimal duplication-for-a-fee copy machine use are exceptions when used appropriately and do not interfere with the work responsibilities of the support staff.

Any equipment, unused supplies, or keys issued must be returned prior to the support staff’s last day of employment, including, but not limited to employee identification badges, parking permit, keys, and the key fob for building entry.

8. Emergency Drills

Every school conducts emergency drills in accordance with state law. All employees present in a building at the time of an emergency drill are required to participate in the drill.

9. Equipment Disposal or Relocation

All District-owned equipment intended to be moved to another building site or declared surplus for disposal purposes must first be approved by the principal for such change in use. An “Equipment Disposal/Relocation Request Form” must be submitted to and approved by the immediate supervisor before any change is made.

10. False Reports

Employees may be disciplined for filing false reports or statements including, but not limited to, the following: accident reports, attendance reports, insurance reports, investigatory interviews, physician's statements, pre-employment statements, paid leave requests, student records, tax withholding forms, and work reports.

11. Information Technology

The Ripon Board of Education has established policies that specify the rules for employee use of District-owned technology as well as personally owned technology. Support Staff are expected to know and abide by the District's policies and administrative guidelines related to use of technology. These include, but are not limited to the following policies and related administrative guidelines:

- 7530.01 Staff Use of Wireless Communication Devices
- 7530.02 Staff Use of Personal Communication Devices
- 7540 Computer Technology Network and Internet Acceptable Use and Safety
- 7540.01 Technology Privacy
- 7540.02 District Web Page
- 7540.03 Student Network and Internet Acceptable Use and Safety
- 7540.04 Staff Network and Internet Acceptable Use and Safety
- 7540.05 Assistive Technology and Services
- 7540.06 Electronic Mail
- 7541 Electronic Data Processing Disaster Recovery Plan
- 7542 Access to Technology Resources from
Personally-Owned Communication Devices
- 7543 Remote Access to the District's Network
- 8605 Use of Electronic Wireless Communication Devices by District Employees
Who Operate Board Owned or Operated Vehicles

Users of the District's information technology should have no expectation of privacy in the content of their personal files and records of their online activity while on the District's network.

12. Injuries to Employees

Support Staff are covered under Workers Compensation Insurance. In accordance with District Policy 8442 and AG 8442, any work-related injury must be reported to the school office within three (3) calendar days so that proper reports may be filed for medical/hospital bills as well as claims for time off from work due to the injury. Failure to report an injury may jeopardize an employee's claim for payment of medical bills, disability claims, and/or back wages. Injuries sustained while on the job may not be covered under an employee's personal health insurance. It is the employee's responsibility to file injury reports with the school office; the District assumes no responsibility for filing such reports.

13. Injuries to Students

Support Staff are responsible for reporting any student injury to the school office immediately. Each school's procedures for first aid, medical assistance, emergency assistance, parental contact, and

appropriate written reports will be followed. For more information see Policy 8442 and AG 8442.

14. Legal Actions Involving Employees

Every support staff shall notify his/her principal as soon as possible, but no more than three calendar days after any arrest, indictment, conviction, no contest or guilty plea, or other adjudication of the employee for any felony or misdemeanor, or any offense involving moral turpitude.

The requirement to report an arrest, indictment, conviction, no contest or guilty plea, or other adjudication shall not apply to minor traffic offenses. However, an offense of operating under the influence, revocation or suspension of license, and driving after revocation or suspension must be reported if the employee drives or operates a District vehicle or piece of mobile equipment or transports students or staff in any vehicle. Failure to report under this section may result in disciplinary action, up to and including termination. Such report shall be made as soon as possible, but in no circumstance more than three calendar days after the event giving rise to the duty to report. The District may conduct criminal history and background checks on its employees. An arrest, indictment, conviction, no contest or guilty plea, or other adjudication shall not be an automatic basis for termination. The District shall consider the following factors in determining what action, if any, should be taken against an employee who is convicted of a crime during employment with the District:

- a. the nature of the offense;
- b. the date of the offense;
- c. the relationship between the offense and the position to which the employee is assigned.

Nothing herein shall prohibit the District from placing an employee on administrative leave based upon an arrest, indictment, or conviction.

15. Licensure of Employees

All matters related to obtaining and renewing a license or certification are the support staff member's personal responsibility. Each support staff member who is required to be licensed or certified by law must provide the District with a copy of his/her current license or certificate to be maintained in his/her personnel file. Professional educators are expected to know the expiration date of their license/certification and meet the requirements for re-licensure or certification in a timely manner. The employment of any persons not legally authorized for their position shall be terminated. No person shall be employed with an expired license. Employees shall maintain the licenses that are in effect upon hire. Staff who have not completed their portion of the application/renewal process with the Department of Public Instruction for a required additional license by the start of the new school year will be subject to substitute pay until their portion of the application/renewal process is complete.

16. Operation of District Vehicles

All support staff who drive a District vehicle must provide proof of a valid driver's license. Continued use of District vehicles is contingent on following the rules and procedures for using District vehicles. Employees who drive District vehicles must notify his/her supervisor immediately of any driving citation or conviction of

a traffic violation. Principals receiving such notice will immediately notify the Superintendent. Payment for any citations received while driving a District vehicle is the responsibility of the driver. The reporting provision applies to citations or convictions as a result of operating either a District or personal vehicle. Policy 4440b

17. Operation of Personal Vehicle

Support Staff who are required to drive their personal vehicle for District business or activities will be reimbursed at the Board-approved rate. The employee's personal insurance shall serve as the first level of coverage. Policy 4440c

18. Outside Employment

Outside employment is regarded as employment for compensation that is not within the duties and responsibilities of the employee's regular position with the District. Employees shall not be prohibited from holding employment outside the District as long as such employment does not interfere with assigned school duties as determined by the District. The Board expects employees to devote maximum effort to the position in which employed. A employee will not perform any duties related to an outside job during the additional time that the responsibilities of the District's position requires; nor will an employee use any District facilities, equipment, or materials in performing outside work. When the periods of work are such that certain evenings, days, or vacation periods are duty free, the employee may use such off-duty time for the purposes of non-school employment. For more information see Policy 3230 and 3231.

19. Physical Examination

Examination: Upon initial employment and thereafter, physical examinations shall be required of District employees in accordance with section 118.25 of the Wisconsin Statutes. When hired, a support staff will be given a conditional offer of employment, contingent on evidence that the employee is of sound health and able to perform the essential functions of their job. For more information see Policy 3160 and AG 3460A.

Tuberculosis Questionnaire: Each staff member of the School District shall file with the Business Office proof of freedom from communicable tuberculosis according to law and the administrative guidelines of the Department of Health Services. The statement of freedom from communicable tuberculosis shall be filed prior to the first day of employment and thereafter as required by law. Administrative Guidelines 3160B

As long as it is not arbitrary and capricious, the Superintendent may skip one or all steps in the progressive discipline model whenever the Superintendent deems that the severity of the offense merits it. Any support staff who is suspended without pay or discharged shall be given written notice of the reasons for such action. A copy of such notice shall be made a part of the support staff's personnel record. Instances of discipline as defined in Policy 4340 and AG 4340 are subject to the employee grievance procedure.

D. WORKERS' COMPENSATION

Workers' compensation is to provide for payment of medical expenses and for partial salary continuation in the event of a work-related accident or illness. District employees are covered by workers' compensation insurance. The amount of benefits payable and the duration of payment will depend upon the nature of the injury or illness.

Any employee who is injured on the job shall report the injury to his/her supervisor prior to seeking medical attention, if at all possible. In the event of an emergency, the employee shall notify his/her supervisor within twenty-four hours after the occurrence of the injury or as soon as practicable. The employee shall complete an accident report form available in his/her school office.

Some types of injuries suffered while at work may not be covered by worker's compensation insurance. Examples of non-covered injuries suffered at work include, but are not limited to, the following:

- a. Injuries because of a self-inflicted wound;
- b. Injuries sustained because of an employee's horseplay;
- c. Injuries sustained while an employee does an activity of a strictly private nature.

In the event an employee has suffered an injury or illness in the course and scope of employment that limits him/her from returning to work at full-duty status, the District may offer you temporary light duty assignments during your healing period, consistent with the restrictions prescribed by your medical provider.

In such circumstances, it is the employees' responsibility to keep the District informed as to the status of the restrictions and any changes to them. The District will assign employee tasks consistent with medical provider restrictions, but it is the employee's responsibility to notify his/her supervisor if the tasks assigned cause him/her further pain, discomfort, or injury. Moreover, the restrictions prescribed by the medical provider are not limited to the workplace. The District expects employees to follow all such restrictions during the period of convalescence and healing, whether at work or away from work. If the District learns that the employee has engaged in conduct at or away from the workplace that conflicts with the prescribed restrictions, such information will be reported to the District's Workers' Compensation carrier, if appropriate.

VI. TIME OFF AND LEAVES

A. PAID LEAVE DAYS

Full-time support staff or support staff that work 20 hours per week (0.50FTE) are eligible for paid leaves. Each support staff will have access to his or her paid leave balances through the online employee portal. Paid leave may be taken in hourly increments. Paid leave days shall be exhausted for necessary absences from duty prior to being granted unpaid leave. The responsibility for applying for and claiming leave rests with the support staff. In all cases of absence, it is the responsibility of the support staff to submit via the online employee portal to his/her supervisor in a timely manner.

Annually, on the first day the 9-month support staff reports to work for the contract year, ten sick leave days and one personal leave day are credited to the employee's account. Annually, on the first day the 12-month support staff reports to work for the contract year, ten sick leave days and two personal leave days are credited to the employee's account. Support staff whose employment commences after the beginning of the contract year shall receive a pro-rated amount of sick leave.

1. Sick Leave

Yearly sick leave credit of ten days shall be granted to the support staff on the first day the support staff reports to work for the contract year. Sick leave will accumulate to a maximum of one hundred days.

Support staff beginning work after the first day of the contract year shall receive a pro-rated amount of sick leave. Support staff who leave the District's employment prior to the completion of his/her contract year shall have a pro-rated amount of sick leave removed from his/her account; if the support staff has exceeded his/her account total, then the amount exceeded shall be deducted from the final amount of salary due to the support staff.

Sick leave shall cover necessary absences from duty because of personal illness, bodily injury, hospitalization or surgery, exposure to a contagious disease, or emotional upset which renders the support staff incapable of performing his/her assignment. Sick leave may be used to care for a family member or member of the support staff's household.

It is expected that whenever possible medical or dental appointments for the employee or family member be scheduled outside of regularly scheduled work hours. When appointments cannot be scheduled outside of the regularly scheduled work hours, support staff are expected to return to work after the appointment if the timeframe permits them to do so.

In the event an employee becomes eligible for benefits under the District's long term disability insurance program, the employee will no longer be allowed to use sick leave or accumulated sick leave.

Whenever the District deems such verification appropriate, generally if leave extends beyond five (5) days, the employee may be required to furnish the District with a certificate of illness signed by a medical provider verifying the reason for the absence and verifying the employee may safely return to work. Such certificate should include a statement releasing the employee to return to work and a statement as to whether any limitations or restrictions are placed upon the work which may be performed. Nothing in this section shall be interpreted as limiting the District's ability to discipline or discharge employees for excessive absenteeism. Please reference family medical leave information for leaves extending beyond 5 days.

When applicable under either Wisconsin or Federal Family and Medical Leave, an employee may elect or the District may require sick leave to run concurrently with the approved Wisconsin and/or Federal leave.

2. Personal Leave

One working day per school year will be granted to a support staff who has personal matters which require absence during the normal school day. A support staff shall apply for such leave via the online employee portal at least two working days in advance of the requested leave. No more than two support staff in a building or five support staff in the District may exercise personal leave or Chaperone Leave on the same day. One personal day may be carried over to the next school year.

It is understood a support staff may use a personal day for funerals or medical emergencies but is not required to do so. A second personal day will be granted to 12-month support personnel to be used only during days when school is not in session, i.e., summer vacation, spring break, etc. One personal leave day may be carried over to the following year. Leave must be requested via the online employee portal.

Support staff employed for the full five-week duration of summer school with a minimum of 4 scheduled hours per day shall be eligible for one non-cumulative day of personal leave for the following school year. The personal day benefit will equate to the number of hours defined as one day on the support staff member's wage worksheet. The personal day may be used on days of least impact to students and not to be used to extend a break or miss an assigned day for BRAVE. Support Staff will not be eligible to receive this benefit if absent for more than 2 days during the scheduled summer session. Absences are limited to sick leave, emergency leave, or district approved continuing professional development.

3. Bereavement Leave

Support staff shall be granted Bereavement Leave in the event of a death in the family or close relationship. Bereavement Leave shall be deducted from the employee's Sick Leave account. It is the support staff's

responsibility to leave via the online employee portal to his/her supervisor in advance of taking such leave. Support staff who access Bereavement Leave consisting of multiple days for the same death shall confer with his/her supervisor in advance for the purpose of maintaining smooth school operations in his/her absence. The District may require proof of the death, the relationship, travel itineraries, or other documentation from the support staff whenever the District deems such verification appropriate.

4. Emergency Leave

In the event of an emergency not covered by illness in the family as indicated in the Sick Leave section or death as indicated in the Bereavement Leave section, the support staff may apply for Emergency Leave to be granted by the Superintendent. Emergency Leave shall be deducted from Sick Leave and will be granted only if sufficient evidence is submitted to satisfy there is a compelling reason for absence. Usually this leave will be granted only under extraordinary and uncontrollable circumstances. These circumstances will usually fall under the classification of "an act of God" and will be of such a nature that they could not possibly be foreseen by the employee, such as damages to the support staff's residence or vehicle caused by fire, flood, tornado, or other unforeseen emergency.

5. Chaperone Day

Support staff whose child is enrolled in the District may apply for the equivalent of one paid day per child per year, allocated in hours, to serve as a field-trip chaperone, classroom assistant, or participant in a school-sponsored activity in which the child is involved. This day is non-accumulative and is in addition to the annual Sick Leave and Personal Leave allocation. Application for such leave shall be made in accordance with the rules and limitations of the Personal Leave calendar and shall require submission via the online employee portal.

6. Jury Duty and Witness Duty

Where a support staff is absent as a result of performing jury duty or acting as a witness in a matter in which the employee is not a party, the support staff will be paid his/her full wages for a period of up to ten days for such service without any deduction from the employee's Sick Leave account, provided that all payments, less mileage, due the support staff for performing jury duty shall be endorsed to the District. Support staff shall report to work from jury duty or the witness stand if released prior to the afternoon the session. Support staff are required to submit proof to verify the amount of the payment and/or their requirement/request to appear.

7. National Guard Duty

Where a support staff is absent due to required service in the National Guard or Reserve, the support staff will be paid his/her full wages for a period of up to five days for such absence, barring any overriding provision by the state or federal government. This leave will be granted without any deduction from the employee's Sick Leave account, provided that the support staff must endorse to the District all payments by the military for the days covered by paid leave from the District.

8. Military Leave for Active Duty

Support staff will be granted a military leave of absence for absences from work due to serving in the U.S.

uniformed services in accordance with the Uniformed Services Employment and Reemployment Rights Act (USERRA). Support staff must give their supervisor advance notice of upcoming military service, unless military necessity prevents advance notice or it is otherwise impossible or unreasonable.

Support staff will not be paid for military leave. However, support staff may use any available accrued paid time off, such as vacation or sick leave, to help pay for the leave. Continuation of health insurance benefits is available as required by USERRA based on the length of the leave and subject to the terms, conditions and limitations of the applicable places for which the support staff is otherwise eligible.

A support staff who is on military leave for up to 30 days must return to work on the first regularly scheduled work period after the service ends (allowing for reasonable travel time). A support staff who is on military leave for more than 30 days must apply for reinstatement in accordance with USERRA and applicable state laws.

Support staff who return from military leave (depending on the length of military service in accordance with USERRA) will be placed either in the position the support staff would have attained if he/she had stayed continuously employed or in a comparable position. For the purpose of determining benefits that are based on length of service, the support staff will be treated as if he/she had been continuously employed.

9. Administratively-Approved Leave

A support staff may request Administratively-Approved Leave (with or without pay) for absences not covered under Sick Leave, Personal Leave, Bereavement Leave, or Emergency Leave provisions. Typically, such leave is for “once-in-a-lifetime” events over which the support staff has no control of the date. Paid Administratively-Approved Leave shall access the support staff’s Sick Leave account. Unpaid Administratively-Approved Leave shall result in unpaid hours on the support staff employee’s check. This leave and the conditions thereof, including compensation, shall be at the discretion of the Superintendent or Business Manager whose decision shall be final and without appeal.

Requests for Administratively-Approved Leave shall be made via the online employee portal with the appropriate form attached at least three days prior to the absence if advance notice is available. In the event that three days advance notice is not available, the support staff shall be responsible for submitting the request as soon as the information is available.

Administratively-Approved Leave, either paid or unpaid, shall not be granted for participating in Association business or to engage in job actions such as picketing or demonstrating, or to participate in activities designed to disparage, embarrass, or discredit the District.

10. Holidays

All support staff working at least twenty hours per week have one paid holiday for Christmas day.

All 12-month employees have ten paid holidays: New Year’s Day, Good Friday, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, the day after Thanksgiving, the day before Christmas Day, Christmas Day, and the day before New Year’s Day.

When any of the above holidays fall on Saturday or Sunday, the superintendent or administrative designee will determine in consultation with affected employees when the holiday from work will be taken. Any such deferred holidays shall not effectively reduce the number of annual vacation days to which an employee is entitled or the number of employment service days required per contract stipulation.

11. Vacations

A 12-month employee who completes one full year of continuous service by September 1 of any year will be entitled to a full complement of vacation days as set by the Board of Education for that position. An employee whose one year of service is established on or after September 1 will be entitled to a prorated number of vacation days as set by the Board of Education for that position. Vacation is accrued by each fiscal year (July 1 - June 30).

The following guidelines and procedures regulate twelve-month employees when they schedule their vacation:

1. Except with supervisor written endorsement, an employee request for multiple consecutive days of vacation must be submitted via online employee portal two weeks in advance of the date of which the vacation is to begin. Single or half-days of vacation may be scheduled in a more impromptu fashion with supervisor approval
2. Normally, only one employee per job classification (custodian, secretary, bookkeeper, supervisor) may be on vacation at any one time from anyone building/program service site. Supervising administrators may waive this restriction.
3. Employees are generally encouraged to take vacation during the summer. Employees may take one or two consecutive weeks of vacation during the summer with the advance written approval of the employee's supervising administrator. If more than two consecutive weeks of vacation are needed for a summer vacation, permission must be granted by the superintendent.
4. An employee may take no more than one week of vacation at any one time during the school year unless additional time is approved by the superintendent. An employee who cannot take two weeks of consecutive vacation in the summer because of workload may take two weeks of consecutive vacation during the school year if approved by the superintendent.
5. A substitute will not be employed when an employee is on vacation during the summer months. When possible, a substitute will not be employed when an employee is on vacation during the school year when students/staff are present.
6. Vacation time is normally taken after completion of the year of employment which generated the vacation accumulation (and during the summer months when school is not in session).

Standard Vacation and Longevity-Related Allocations

Twelve-month custodial/maintenance and clerical employees having completed one or more full years of district service will be entitled to the following annual vacation allowances:

<u>Full Years of Service</u>	<u>Vacation Allocation</u>
1-15 years	15 days
16 years	16 days
17 years	17 days
18 years	18 days
19 years	19 days
20 years	20 days

Eligible employees whose one year of initial service is established prior to September 1 of any year will be entitled to fifteen days of vacation annually starting during their second year of employment. Employees whose first full year of service is established on or after September 1 of any year will be entitled to two weeks (ten days) of vacation (plus a prorated amount for months worked the first year) during their second year of employment.

Carryover of Earned Days

Full and complete use of contractually-granted vacation time is encouraged as promotion of employee wellness. Normally, all contractualized vacation days must be used within the year earned.

In unusual cases, when the employee work or advanced training/study schedule does not permit the use of all vacation days, up to 75 percent of these days, if unused, may be carried over into the next employee contractual year. No more than 75 percent of the current year's vacation allocation may be carried over into the ensuing year, and no more than the equivalent of five days may be carried over beyond August 15 of the ensuing year.

Vacation days that are accumulated in excess of this policy's limitations and/or in contradiction to outlined procedures above are similarly considered "lost" to employee use or other benefit.

Vacation days allotted to the various employment positions will be determined according to the position job description and will be indirectly specified in the employment contract. This specification shall identify the exact number of employment service days to be delivered to the district by the employee. This specification shall not include the ten paid holidays.

Vacation Calculations Upon Resignation

Employees retiring from district employment in any fiscal year are limited to carrying only one full contract year's vacation day total up to the last day of work. Prorated accumulated prior year accrual of vacation time shall be paid out as a lump sum on the final payroll.

Vacation Calculations Upon Retirement

Employees retiring from district employment in any fiscal year are limited to carrying only one full contract year's vacation day total up to the last day of work. If an employee leaves a school district employment position, in midyear, accumulated vacation time generated by the current year's employment will be prorated. The proration will be calculated as the amount of service days totaled from days worked (including legitimate sick, emergency, and personal days used) divided by the total number of work service days in that contractual year of service. The prorated days thereby extending the last active day, or they may be taken as a payout to be processed through payroll. Insurance coverage ends at the end of the month of your last physical consecutive work day prior to using accumulated vacation.

B. FAMILY AND MEDICAL LEAVE ACT

Support Staff that have worked for at least 12 months and have completed 1,000 hours and anticipate an absence from their position for more than 5 days may have access to absences covered by the federal Family Medical Leave Act (FMLA) and the Wisconsin Family Medical Leave Act (WFMLA) in accordance with provisions and procedures specified in Policy 3430.01, AG 3430.01A, and AG 3430.01B. Because FMLA leave is unpaid, the support staff's paid leave days will be used until exhausted. All available leave days must be applied when an staff member is out of FMLA. Questions regarding FMLA leave should be directed to the District's Business Office.

C. LEAVES OF ABSENCE

An employee, upon submitted request, may be granted a leave of absence by the superintendent of schools. No leave of absence may be extended beyond the end of the current school year, except by renewal by the superintendent of schools. Any leave so granted and not covered by emergency leave provisions will be "unpaid" leave.

1. Child-Rearing and Adoption Leave (Extended Beyond FMLA/WFMLA)

Support staff with a minimum of three years of continuous local experience may apply for unpaid Child-Rearing/Adoption Leave. Such leave is subject to Board approval and may be taken for no longer than two semesters. The Board reserves the right to limit approved leaves to no more than four support staff per school year and is subject to hiring a qualified replacement for the leave period. This leave provision is not available to support staff who have used this leave provision within the previous three years. Application should be made in writing at least three months prior to the requested start of the leave. If conditions are such that three months advance notice is not reasonable, then application should be made as soon as practicable with an explanation as to the cause of the reduced advance notice.

2. Medical Leave (Extended Beyond Covered FMLA/WFMLA)

Support staff may request an unpaid medical leave of up to one academic year, or the conclusion of the following academic year if the leave would begin during the school year. The request must be accompanied by a physician's statement attesting to the disability and anticipated duration of the leave. The District reserves the right to request interim statements from the physician. This leave shall not interfere with

eligibility for long-term disability benefits as provided for under the District plan. If the employee is eligible for long-term disability benefits, the District shall grant an unpaid medical leave due to disability for up to a total leave period of eighteen (18) months.

3. Benefits During Leave

The following benefits are available to support staff who are approved by the Board for an unpaid Leave of Absence. At the Board's sole discretion, the support staff may return from an unpaid Leave of Absence and resume a paid position of employment with the District earlier than originally approved.

- a. Support staff may not advance on the wage guide for time when they are on an unpaid Leave of Absence.
- b. The support staff may continue health and dental insurance during the leave of absence by joining COBRA. ***If the premium is not received by the first of the month, the support staff's insurance coverage shall be terminated.***
- c. During the unpaid leave, the support staff shall retain accumulated paid leave, but shall not accrue any additional paid leave during the unpaid leave. Upon return to work, sick and other leave shall be provided on a pro-rated basis.

Placement upon Return from Leave: The support staff shall give reasonable notice to the District of his/her intent to return to work. Reasonable notice is defined as at a minimum fifteen (15) work days prior to the intended return to work date but no later than March 1 for the following school year. The District reserves the right to determine the actual return to work date. If the return to work date is later than the return to work date requested by the support staff, the support staff will be continued in unpaid leave status. If the support staff does not provide notice for return to work, he/she will be deemed to have resigned from his/her position with the District as of the expiration date of the leave. Upon return from leave, the support staff may be returned to a position equivalent in terms of hours and wages unless the percentage of the position was reduced or increased due to nonrenewal or layoff, whichever is applicable.

The support staff shall be eligible to return to duty from an unpaid medical leave of absence when he/she is physically able provided:

- a. The support staff has previously indicated his/her intent to return to duty following the expiration of the medical leave.
- b. The support staff provides his/her physician's certification that he/she is able to return to work. The District reserves the right to designate another physician to verify or refute certification issued by the physician selected by the support staff. The District will pay all costs associated with the second physician's certification.

Failure to Return after Expiration of Leave: In the event the support staff does not return to work following the expiration of the leave, and subject to applicable legal restrictions, he/she will be deemed to have resigned his/her position with the District and waived any and all rights to further employment by the District.

Interaction with Family and Medical Leave Provisions: Unpaid medical leave, the term of such leave, and participation in insurance programs under this section as provided for above shall run concurrent with any leave(s) provided for under the Wisconsin Family and Medical Leave Act and/or under the federal Family and Medical Leave Act.

4. Employment Interruption/Return

Support staff who resign their positions after more than one year in the post can be re-employed by the Ripon Area School District in that same or a differing post in the future at an hourly rate level one year below the seniority-only rate/level they were compensated at upon their recent resignation from district employment. Support staff with less than two years' seniority accumulation who leave district employ and subsequently return are treated as new employees. Support staff subject to layoff due only to their seniority status (and with multiple years seniority in a post) will be able to return to their prior wage level status upon being re-employed in that post. These re-employment wage level placement rules affect classified staff returning to district employment July 1, 2002 or after.

VII. EXTRA-CURRICULAR ACTIVITY ASSIGNMENTS

A. LETTER OF ASSIGNMENT

Support staff shall assume responsibility for the supervision of the extra-curricular activities that are included in their letters of assignment. Activity assignments will be offered to the individual who, in the sole discretion of the District, is the most qualified applicant. The stipend for extra-curricular activities shall be specified in the letter of assignment. The letter of assignment shall not be deemed a contract, and individuals holding extra-curricular positions are employed on an at-will basis for these positions.

B. WORK SCHEDULE

Duties for an extra-curricular assignment may occasionally occur during part of a support staff's regular workday which may conflict with the support staff's main employment assignment with the District. In such cases, the support staff shall consult with his/her supervisor to determine the appropriate course of action. In the supervisor's sole discretion, a solution for the time conflict shall be approved with the expectation that the support staff will adhere to the supervisor's plan.

C. EVALUATION

Individuals holding extra-curricular assignments shall be evaluated in the manner and frequency that their supervisor deems appropriate. When determining the manner and frequency of evaluations, the supervisor or his/her designee may take into account such factors as (1) the individual's experience with the particular activity; (2) input received from participants, parents, and other stakeholders; (3) the extent to which an

individual needs additional guidance or oversight; and (4) any other consideration that a supervisor, in his/or reasonable discretion, deems appropriate.

D. VOLUNTEERS

The Board, upon recommendation from the head coach/advisor and the athletic director or principal, may authorize an individual to serve as a volunteer coach/advisor for an extra-curricular activity. Volunteers are subject to a background check prior to working with children. Volunteers are not employees and are not eligible for salary/wages, stipend, or benefits. Volunteers are covered by the District's general liability insurance policy while acting as a volunteer coach/advisor for the District. Volunteers must follow all District activity and athletic policies and procedures as well as other District policies as applicable. Head coaches/advisors are responsible for directing the activities of volunteers approved for their extra-curricular activity.
