## Message from Dr. Mary Whitrock

Greetings Fellow Ripon Community Members,

This Ripon Area School District (RASD) Annual Report highlights the work and the outcomes from the 2022-23 school year. Each year, the District gathers information in a variety of ways from stakeholders for the School Board to use to inform decisions on six strategic objectives organized under four priority areas:

#### Student Engagement & Learning

Provide well-rounded education in a healthy/safe environment  
Provide evidenced-based interventions and support services  
Close achievement gaps in literacy and math

#### Service and Partnerships

Increase partnerships and satisfaction through CQI

#### Human Resources

Increase opportunities to build high-quality staff

#### Finance and Operations

Refine systems to find efficiencies

The staff and the Board monitor these priority areas throughout the year. The Board holds district staff accountable to make progress in each of these areas using a continuous quality improvement model. Updates on the progress of the six objectives are shared throughout the school year with the Board and reported in the Ripon Tiger Quarterly Update and this Annual Report. Using these two pathways, the Ripon community can stay informed and celebrate RASD's progress as a high-achieving, low-spending district.

Go Tigers!

*May*
