Getting Prepared for Classes!

Community Involvement

Superintendent Mary Whitrock cutting steel for the new middle school office with a Tech Class working with CG Schmidt.

Ryan Schmidt, from CG Schmidt, leads a tour open to all community members

Coming Soon!

Renderings provided by Plunkett Raysich Architects detail interior spaces at the combined facility including (clockwise from the top left picture) the High School South Corridor, the IMC, the Middle School Corridor and Break Out Space, and the Middle School Commons.

Construction on these spaces will take place during the coming months.
