|--------------------|-----------------------------|--|--|
| 10/2/2013 22:43:12 | RHS | Relatable and easy to talk to. | Nothing. |
| 10/2/2013 22:44:10 | Lumen | The teachers, painted classrooms, sometimes teachers put up decorations which is nice | Everything else. Get a new school |
| 10/3/2013 7:23:46 | RHS | How big the lockers are :) | We need a heating/cooling system. PLEASE. |
| 10/3/2013 8:00:28 | RHS | It may not be the best but at least its clean. | There kept up and everything is coming along i guess you could say. |
| 10/3/2013 8:29:20 | RHS | I appreciate the new pieces technology that have been adapted in many classrooms (Smartboards, Elmos, etc.) I like the library set up very much and I appreciate the many benches and new water bottle filling stations. | I believe the very wide and long layout of the building can be very difficult for visitors. Foreign exchange students, basketball game attendees, and others are often needing extra directions to get places because the 1-floor layout is simply so big. |
| 10/3/2013 8:55:34 | Lumen | There are a lot of options like doing extra classes. | Not enough hours in the day, and I am taking 0 hour band. |
| 10/3/2013 9:26:11 | RHS | I like the layout of the school and how convenient everything is. I also like how each room is uniquely decorated to fit the teacher's personality. | Every room seems to be a different temperature. A little outdated in some places but overall the school seems to improve. |

| Timestamp | Which school do you attend? | What do you like about the RHS/Lumen facilities? | What do you dislike about the RHS/Lumen facilities? |
|--------------------|-----------------------------|--|---|
| 10/3/2013 10:15:52 | RHS | I like that we have a lot of updated technology in the classrooms. | I don't like how old our building is. Every other school that I have gone to in our conference is updated and really really nice. I think the way our school appears should be something to take pride in, but unfortunately I can not do that when the state of our school is not very good. |
| 10/3/2013 14:41:38 | RHS | The Auditorium, including the large backstage/costume area, Mr. Bogdanske's unique science lab set-up, the upper gym, full sized mirrors in bathrooms, it spread-out, yet small enough that is is easy find classrooms and such. | The heater/AC is noisy, the bathrooms are placed in odd locations. |
| 10/3/2013 19:50:10 | RHS | We have a very nice auditorium. I also like having a swimming pool and weight room in the school building. | It needs more light. I think it would be nice to have some skylights in the RHS part of the building like those in the Lumen area. I feel that it would brighten up school more, and I believe that sunlight would be more stimulating then the florescent lighting. |
| 10/4/2013 14:12:03 | RHS | How we have a nice auditorium. | How we have the open courts but we cannot use them. We have a small lunch room. |

|--------------------|-----------------------------|---|--|
| 10/6/2013 11:01:01 | RHS | <p>The auditorium, stage, weight room and swimming pool are all excellent.</p> <p>The layout is easy and straightforward once you learn where everything is. It's quick to get around for such a large footprint.</p> | <p>The temperature is extremely inconsistent- parts of the building are frigid and others are too warm. It's really difficult to dress in a way that is comfortable all day.</p> <p>Also, the building has minimal natural light. Some of the classrooms have tiny windows, and others have none at all. It gets gloomy.</p> |
