Class of 2025 - **$2,762,450**

Message from Ron Rivard

Greetings Fellow Ripon Community Members,
This Ripon Area School District (RASD) Annual Report highlights th work and outcomes from the 2024-25 school year. Each year, the District gathers information in a variety of ways from stakeholders for the School Board to use to inform decisions on six strategic objectives organized under four priority areas:

Student Engagement & Learning
Provide well-rounded education in a healthy/safe environment
Provide evidence-based interventions and support services
Close achievement gaps in literacy and math

Service and Partnerships
Increase partnerships and satisfaction through CQI

Human Resources
Increase opportunities to build high-quality staff

Finance and Operations
Refine systems to find efficiencies

These priority areas help provide direction to our staff, administration and the Board of Education. Specifically, we monitor our progress in these priority areas throughout the year. It is our goal to improve our performance in all priority areas while providing exceptional service to our students and families. Updates on the progress of the six objectives are shared throughout the school year with theBoard and reported in the Ripon Tiger Quarterly Update and this Annual Report. Both of those communications help the Ripon community stay informed and celebrate the RASD's continuous improvement progress.

Go Tigers!

Ron Rivard
